

Indemnify®
May 1 - July 31, 2026

The Horizon Summer Golf Advantage* promotion pairs trusted solutions into purpose-built agronomic programs that support plant health, turf protection and performance during the summer season. From May 1 through July 31, the **Indemnify®** promotion is designed to help maximize turf performance and root growth – **for less.**

With more than a decade of proven performance, Indemnify is the trusted standard with the broadest spectrum of control against the highest number of plant pathogenic nematodes in its class.**

When nematode pressure is active, Indemnify delivers the curative power to restore root strength and turf health. It controls on-contact root-feeding nematodes including – but not limited to – sting, root-knot, and stunt and the foliar-feeding nematode *Anguina pacifica*. Indemnify can be used as a preventive or curative to control nematodes.
