

TOTALITY®

Termites can't touch Totality® Wood Treatment

Totality® Wood Treatment provides Pest Management Professionals (PMPs) with formulation and application efficiencies that can help improve the profitability of their wood treatment programs when compared to competitive products. Its EC formulation works with a single application, stays put and doesn't require full personal protective equipment (PPE)* or in-service/field-specialized equipment.

Simply put, Totality is the termite prevention treatment to help you save money, reduce labor and get the job done.

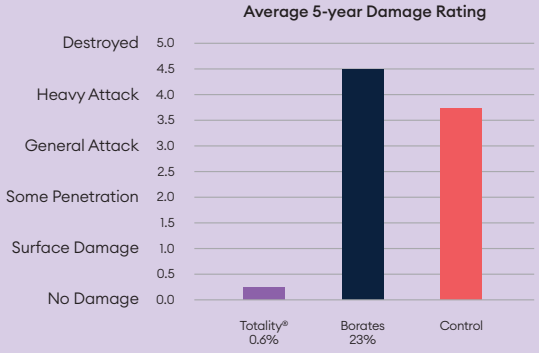

Key Benefits[1, 2, 3, 4]

+ Provides long-term protection against termites and other wood-destroying insects
+ Single application vs. two applications required for borates
+ **Potential 50% or more savings in time and labor to apply compared to traditional borates****
+ No need for warm water or same-day application
+ Can be used in cold weather locations
+ EC formulation penetrates up to ¼ inch
+ Water-resistant – unlike borates, will not move with water or moisture
+ Delivers high-level protection even during heavy rain, hurricanes and tropical storms
+ Eliminates the need for dedicated in-service equipment: no drills, backpacks or mixing impellers required
+ Easy on equipment – no clogging or gummy material

Product Attributes

+ Totality Wood Treatment bonds tightly to wood and other cellulosic materials
+ 3.2 fluid ounces per 1 finished gallon (pre-treat)
+ Both quart-size and 5-gallon tote options available for application and storage flexibility

Comparative Study - Data Results at 5 Years (Gulfport Scale)

Enhanced for efficiency:

Introducing the Envu® Pump Kit (EPK)

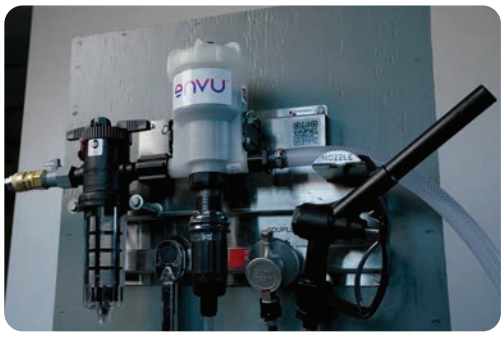

What is the Envu® Pump Kit?

The Envu Pump Kit is a hassle-free, handheld sprayer designed to deliver accurate, consistent mixing of Totality® Wood Treatment, without the need for electricity or personal protective equipment (PPE). This simplified system provides easy setup, accurate mixing, reduced waste, improved dispensing and, most importantly, user-friendly application.

Say goodbye to labor-intensive mixing

What makes Totality easier to use with the Envu Pump Kit?

+ No need for full PPE – only gloves, long sleeves, long pants, closed-toe shoes and eye protection*
+ No need for electricity
+ No need for warm water
+ No need for specialized equipment
+ Faster mixing and dispensing

Labeled Areas of Use

+ Commercial
+ Industrial
+ Institutional
+ Public
+ Residential
+ Pre-construction treatments
+ Post-construction treatments

Pests Controlled

+ Termites
+ Carpenter ants
+ Powder-post beetles
+ Old house borers
+ Other wood-boring insects
