PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PHYSICAL AND CHEMICAL HAZARDS

Do not use this product in or on electrical equipment where possibility of shock hazard exists.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- ENDIUS™ Cockroach Gel Bait is for indoor control of cockroaches [including German and American cockroaches].
- **DO NOT TREAT AREAS THAT ARE EASILY ACCESSIBLE TO CHILDREN AND PETS.**
- Inspect bait placements during follow-up inspections and apply fresh bait as needed.
- Do not apply to surfaces that food contacts.
- Do not allow open foods to contact gel material.
- Do not apply bait gel to areas which have been recently sprayed with a repellant insecticide.
- Do not spray insecticide over gel bait as it may cause the bait to become repellent.
- Do not apply in or on electrical equipment due to the possibility of shock.
- Do not apply bait to surfaces where the temperature exceeds 120-130°F since this could cause bait to liquify and lose effectiveness. Examples include parts of stoves, ovens, grills, fume hoods, sauna, heat lamps, coffee urns, steam tables, toasters, fryers, dishwashers, and hot water pipes.
- Do not apply gel to exposed surfaces. If gel contacts an exposed surface, remove gel and wash exposed surface.
- Do not apply in areas exposed to direct sunlight.
- If needed, gel bait deposits may be cleaned up with a damp paper towel or rag, or if dried, use a putty knife to scrape and discard in trash.
- For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

INSECT RESISTANCE MANAGEMENT

For resistance management. ENDIUS Cockroach Gel Bait contains a Group 22A insecticide. Any insect population may contain individuals naturally resistant to ENDIUS Cockroach Gel Bait and other Group 22A insecticides. The resistant individuals may dominate the insect population if this group of insecticides are used repeatedly in the same treated areas. Appropriate resistance-management strategies should be followed.

To delay insect resistance, take the following steps:

- Rotate the use of ENDIUS Cockroach Gel Bait or other Group 22A insecticides with different groups that control the same pests.
- Contact your local extension specialist or pest control advisors for any additional pesticide resistance-management and/or IPM recommendations for the specific site and pest problems in your area.

For further information or to report suspected resistance, contact Environmental Science U.S., LLC at 1-800-331-2867.

Product Information

Apply product to areas frequented by cockroaches such as between different elements of different constructions, between equipment and floors, opening leading into voids and hollow spaces in floors, walls, ceilings, equipment legs and bases, around plumbing pipes, doors and windows, and behind and under appliances and cabinets where cockroaches are typically known to hide. The applicator is designed with the intent of placing the syringe tip directly into the crack and crevice.

Product can also be used with a bait injector application device common to the pest control industry.

Application Information		
Infestation Level	**Application Rate**	**Additional Information**
Light-to-moderate	1 – 3 spots per 10 linear feet	Each spot of product should be approximately 0.5 grams (approximately ¼" diameter)
Heavy	3 – 5 spots per 10 linear feet	

Refer to the following sections for additional application information.

INDOOR USE

Refer to the "Product Information" section for application information.

Food/Feed Establishments

For use only as a crack-and-crevice treatment.

Food/feed handling areas are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. This also includes areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food. Serving areas where food is exposed and the facility is in operation are also considered food areas.

USE RESTRICTIONS

- Use good application practices to avoid movement of ENDIUS Cockroach Gel Bait to exposed surfaces used for food preparation.
- Do not apply to areas where food/feed, food utensils may come into contact with gel bait.
- Do not allow open foods to contact gel bait.
- Do not treat food preparation/processing surfaces.
- If ENDIUS Cockroach Gel Bait contacts an exposed surface, first remove as much of the gel bait as possible, then wash with soap and water.
- Do not apply gel bait to areas that are routinely washed such as cracks and crevices in tops of tables, food/feed preparation, and prepared food holding surfaces as bait may be removed by washing.

Nonfood/Nonfeed Establishments

For use only as a spot or crack-and-crevice treatment.

Permitted non-food areas of food/feed establishment include living rooms, bathrooms, bedrooms, garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, garages, mop closets and storage (after canning or bottling).

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place inaccessible to children and pits. Keep the container tightly closed and avoid excess heat.

In case of spill, avoid contact, isolate area and keep out animals and unprotected persons. You may contact the Environmental Science U.S., LLC Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Environmental Science U.S., LLC Emergency Response Telephone No. is 1-800-424-9300.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non-refillable. Do not reuse or refill this container. Offer for recycling if available. Place empty bait dispensers in trash. **If partially filled:** Wrap in newspapers and discard in trash or call your local solid waste authority for disposal instructions.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as manner of use or application, weather or conditions beyond the control or Environmental Science U.S., LLC or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Environmental Science U.S., LLC and Seller harmless for any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the directions under normal conditions of use. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ENVIRONMENTAL SCIENCE U.S., LLC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) seller or Environmental Science U.S., LLC, and buyer assumes the risk of any such use.

To the extent consistent with applicable law, Environmental Science U.S., LLC or seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **TO THE EXTENT**

CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF ENVIRONMENTAL SCIENCE U.S.,LLC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF ENVIRONMENTAL SCIENCE U.S., LLC OR SELLER, THE REPLACEMENT OF THE PRODUCT.

This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.
