

Scion[®] Insecticide 75-Day Mosquito Assurance Program

Effective mosquito control with exceptional durability

Envu guarantees 75 days of no retreatments* after a Scion[®] insecticide with U VX[®] Technology mosquito service completed within the program period. If a retreatment is required during the 75-day period, Envu will provide the amount of Scion insecticide needed for a reapplication.

Program Details

Apply Scion insecticide at a rate of 0.65 fluid ounces per gallon to any residential, commercial or other label-permitted use site at up to a 75-day interval. Scion insecticide may be applied using a blower/mister, tank sprayer or backpack sprayer. To reduce adult mosquito populations, apply Scion insecticide foliage and other surfaces where mosquitoes rest.

*Terms and Conditions

In order to qualify for the assurance, the end user must follow all label instructions. Any pest management professional (PMP) or lawn care operator (LCO) licensed or certified by an appropriate state, local or tribal agency agrees to provide a service ticket with the following information should a retreatment be necessary within the 75-day period.

- Use rate, i.e., ounces of concentrate per finished gallon
- The amount of finished product (gallons) per treatment per customer
- The approximate treated area (sq. ft.) per treatment per customer
- Date, time and location of service
- Pest(s) targeted by initial treatment and pest(s) to be targeted during retreatment
- Proof of purchase will be required.

If a PMP or LCO has followed all label instructions and the requirements of the assurance program receives a complaint from a customer requiring a retreatment due to an active infestation, the PMP or LCO must contact their Envu sales representative within 10 business days of the retreatment. If Envu determines that a retreatment is valid, Envu will provide the appropriate quantity of Scion insecticide to cover the retreatment of the account. Retreatment may not occur less than 28 days after the initial application. Envu reserves the right to investigate any performance complaint, and verify any purchases made by a PMP or LCO and/or modify or discontinue this program at any time.
