

Fight Ornamental Pests with Durentis

April 1 – May 31, 2025

We are excited to announce our Durentis Program is available to our greenhouse nursery customers enrolled in My Envu Rewards. To be eligible for rebates, all a grower has to do is meet the minimum quantity during the program period. It's that simple! Be sure to enroll today and purchase through your authorized distributor agent.

Insecticides	Size	Quantity (Bottles)	Rebate / Unit
Durentis	16 oz.	4-15	\$90
		16+	\$150
	64 oz.	4-7	\$470
		8+	\$625

One early application of Durentis insecticide can provide up to season-long control against many pests, including:

- Grubs - white, European chafer, Japanese beetle
- Borers - peach tree, flatheaded apple, clear-wing
- Leaf-feeding beetles and caterpillars (Japanese beetle adults, viburnum leaf beetle adults, spongy moth and bagworm), lace bugs, leafminers and sawflies
