

# Fight White Grubs with Durentis

**April 1 – May 31, 2025**

We are excited to announce our Durentis Program is available to golf courses enrolled in My Envu Rewards. To be eligible for rebates, all a superintendent has to do is meet the minimum quantity during the program period. It's that simple! Be sure to enroll today and purchase through your authorized distributor agent.

Insecticides	Size	Quantity (Bottles)	Rebate / Unit	Acres Covered (2.7 fl oz/A)
Durentis	16 oz.	4-8	\$90	24-48
		9+	\$120	53+

One early application of Durentis insecticide provides full-season control against above- and below-ground chewing pests, including annual white grub species and fall armyworms. Durentis insecticide has an outstanding safety and environmental profile with minimum impact on many important beneficial insects, ensuring that the unique mode of action is focused exclusively on the target pests
