

Fall is Coming...

Stop Fall Armyworms Before They Strike!

July 1 - September 30, 2025

Fall armyworms can devastate turf in days - don't wait for the damage to show. Whether you're managing pristine fairways or Lawn of the Month caliber residential lawns, Durentis™ delivers the proactive defense you need with 60-day protection using the low 1.33 fl. oz./A rate.

- Highly concentrated formula with the lowest use rate in its class.
- Fast-acting and systemic -protects your roots and moves upward through the plant.
- No signal word
- Labeled for use on golf courses, sports turf, sod farms and residential/commercial lawns

Rebates will be paid to MER members only.

Rebate reconciliation will take place by end of December 2025
Purchases will count towards your EOP Purchase Tier, but no EOP terms will be granted
